Remarks:

The subscription should be directly linked to the number of notifications received by the user. When the total number of notifications reaches 5000, a subscription button will automatically be displayed, prompting the user to consider subscribing to continue using the features, unlock extended usage, maintain access, or avoid limitations. This ensures that the subscription option only appears once a significant level of engagement has been reached.

30% - 50% of the modules/pages must
be running

2nd Prototype

should be within

10/22/24

must be running

This is to certify that I have been regularly consulted by my advisees, have reviewed their system output as well as the required manuscript of the above-stated study. As their adviser, I therefore submit them ready for Oral Defense as their third prototype is within the required percentage. (scheduled on _____)
